FOR PLANNING PURPOSES

TECHINICAL MEDIA BRIEFING FOR NINE, 54-HOUR CLOSURES OF NORTHBOUND I-710 BEGINNING **THIS** WEEKEND

WHO: Caltrans traffic and construction engineers will outline the massive pavement slab installation operations for these nine weekends of full weekend closures on northbound Interstate 710 (Long Beach Freeway) between Interstate 5 (Santa Ana Freeway) and State Route 60 (Pomona Freeway).

WHAT: Learn about the process for 14 to 47-foot concrete panel delivery and installation, the large cranes needed to swing them into place, and traffic diversion necessary to ensure minimal congestion.

WHEN: Wednesday, September 21, 2016, 10:30 a.m. – 11:30 a.m.

WHERE: East Los Angeles Maintenance Station, 4425 E. 3rd Street, Los Angeles, CA
On the north side of the street under I-710 near the SR-60 interchange. If approaching from eastbound 3rd Street, you need to make a U-turn at Ford Boulevard.

###

About the project:

As part of a \$120 million pavement replacement project on the Long Beach Freeway (Interstate 710) from the Century Freeway (Interstate 105) to the San Bernardino Freeway (Interstate 10), this project is installing precast concrete panels as well as concrete slabs in various traffic lanes and locations, upgrading the median barrier and constructing maintenance pullouts along the route to enhance safety for maintenance crews.
